the use of grids (a.k.a. grilles or muntins) may alter U-Values and SHGC values slightly.

Understand that some products may not meet ENERGY STAR criteria in all ENERGY STAR climate zones. Go to the following website address to verify that your product meets ENERGY STAR eligibility for your county and state.
https://www.energystar.gov/index.cfm?fuseaction=windows_doors.search_climate

You can verify Quaker's status as an ENERGY STAR® partner by going to this website address:
http://www.energystar.gov/index.cfm?fuseaction=estar_partner_list.showPartnerSearch

You'll find us by entering Quaker Window Co. in the search box.

Should you require specific test data, please send your request to:
Quaker Window Products Company
Attn: Technical Department
PO Box 128
Freeburg, MO 65035

Be sure to specify which product(s) test information is needed.

Sincerely,

Jimmy Maasen
Marketing/Sales
Quaker Window Products Co., Inc.

* All products shown must have optional glazing packages added to achieve ENERGY STAR status. The exact glazing package(s) needed may vary from product to product. Contact your local Quaker dealer for exact make-up necessary to achieve ENERGY STAR status. Some products may not achieve Energy Star status in all climate zones. Go to www.energystar.gov for full ENERGY STAR criteria.
